

THE WORLD: FRIDAY EVENING, SEPTEMBER 14, 1900.

GOV. SAYERS, OF TEXAS, HAS RECEIVED \$1,000,000 FOR GALVESTON RELIEF FUND.

GALVESTON IS SAID TO BE A TOTAL LOSS.

Every Building in the Doomed City Must Be Torn Down.

(Special to The Evening World.)
GALVESTON, Tex., Sept. 14.—The chairman of the committee appointed to visit Austin and personally describe the situation in Galveston to Gov. Sayers declares that he estimates the property loss here at \$10,000,000, or about twice as much as any estimate heretofore given.
An organized band of ghouls has been discovered, with headquarters in the wrecked Southern Pacific freight boat warped inland behind Texas City.
Two of its members were arrested by soldiers of the Galveston Sharpshooters and jewelry stolen from the dead, aggregating in value thousands of dollars, recovered and turned over to the authorities.
The work of clearing up the debris on the beach began, the work being applied when it could be done safely. Very little progress was made, but scores of bodies were uncovered and cremated.
State Health Officer Blunt arrived at the head of a body of 150 men to act as a sanitary corps. His chief lieutenant is Mr. Drennan, the Commissioner of Public Works at Houston.
Three of the leading men of Galveston and their way to Austin to confer with Gov. Sayers regarding the situation here. They are Major J. D. Skinner, commission merchant, and acting president of the Cotton Exchange; Thomas Gorse, treasurer of the Texas Land and Lumber Co., and Frank M. Spencer, a prominent corporation attorney.
These gentlemen were appointed to act as spokesmen for Galveston in her dire straits by the General Committee in charge of relief work.
The committee received a telegram from Gov. Sayers asking that a delegation of Galveston citizens, well posted on the situation, be sent to him at Austin to describe conditions as they really are. Major Skinner and Messrs. Gorse and Spencer were the unanimous selections of the committee, which met at noon to take action upon the Governor's request.
Just prior to their departure at 6 o'clock last evening I asked them for statements giving their estimate of the losses to life and property and their opinions as to the situation.

ARE ALIVE AND WELL.

These Persons Inquired For Survived the Texas Storm.

In answer to the inquiries sent to Galveston by The Evening World the following is the list of persons reported safe this morning:
C. F. Bremer and family, inquired for by J. Schultz, of 331 Courtlandt avenue, and Mrs. H. Hoppe, of 175 Beach avenue.
Mrs. Hope also inquired for Mrs. Orton, who reported that she and her family were all right, but had lost everything.
Gus Levy reports that he is safe and well. Mr. R. Landberg, of 207 West Eighty-fourth street, was anxious about him.
Rev. Dr. Joseph Silverman, of 50 East Twenty-sixth street, can feel relieved now, as Robert Weiss announces his family is safe.
Rosa Kory reports that her family are all safe, but that six of the Levyn family are dead. R. Kory, of 57 Harrison avenue, Brooklyn, wanted the information.
Edward Hirschfeld, of 49 East Ninth street, is answered by his relatives that they are all safe.
Mr. Owen Finnegan reports that he is in good health. His mother, who lives in Sing Sing, was anxious to hear from him.
Mrs. Mary Sheard, of 1329 Third avenue, makes inquiry for John George and his family, who lived at 2117 Avenue P, Galveston, and also for Edward Sheard and family.
All three gentlemen were, however, exceedingly hopeful of the future. They said that Galveston people had shaken off the apathy of despair which seemed to have settled upon them and were facing the problems which confronted them with courage.
They declared that the Southern Pacific had given evidence of faith by doubling the pay of laborers engaged in clearing their property of wreckage and had announced that the railroad would build a double track steel bridge across the bay. Some of the business houses were open and others had given notice that they would resume operations in a few days.

WORLD'S TRAINS SPEEDING ONWARD.

Relief Specials Bear 120,000 Pounds of Food to Galveston.

The World's special relief train No. 2 dashed into Cleveland, O., at 7 o'clock this morning on schedule time. A wait was made while the refrigerator car was re-loaded.
The car went from New York to Buffalo over the New York Central, thence to Cleveland over the Lake Shore & Michigan Southern. From Cleveland it goes over the Big Four to St. Louis, and there it will be attached to the Missouri Pacific fast Texas express, and will run through to Galveston on the limited schedule.
The shipment is expedited through the generosity of the railway officials of the various roads.
Along the route crowds turned out to cheer the crew of the train that was carrying The World's supplies to stricken Galveston.
Relief train No. 1 is to-day hurrying through the South and nearing Galveston as fast as full headway and special schedules will take it.
From Washington last evening Miss Clara Barton, President of the National Red Cross, and a staff of seven members, departed for Galveston. Arriving there, they will take charge of the distribution of the clothing, food and medical supplies that are being hurried to the stricken city on The World's relief trains.
Howard Talmage, representing General Manager William W. Howard, of the Red Cross, is a member of the party. The other experienced assistants of Miss Barton are Mrs. Ellen Spencer Mussey, Second Vice-President of the Red Cross; Mrs. F. B. Ward, Miss Agnes Combes, Mrs. W. H. Sears, Mrs. H. W. Lewis and Mrs. J. W. McDowell.
MISS BARTON'S THANKS.
To a representative of The World Miss Barton said "I want to thank The World for the invitation it has extended to me to cooperate with it in bringing relief to Galveston. The World has started exactly right. What is needed in Galveston to-day is experienced and organized methods of distributing relief."
Miss Barton's party was well on its way to Atlanta this morning. They go to Atlanta to make arrangements for the first thing to-day, addressing all packages to The World's Texas Relief Fund, World's Relief Fund, Thirty-sixth street and Broadway, New York.
Intending Greater New York contributors should send their packages to the office of the above-named express company. The World's Texas Relief Fund, World's Relief Fund, Thirty-sixth street and Broadway, New York.
Offers of free express service for relief supplies have also been made to The World by Van Nostrand's Express of Brooklyn and by Lyons's Express, Manhattan.

World-Wide Response to Galveston's Cry for Help—\$1,500,000 Needed.

A world-wide answer has come to Galveston's appeal for aid:
Paris has subscribed \$100,000. Liverpool's contribution of \$12,500 has been sent to Gov. Sayers. London is organizing a relief fund. Prof. of help have come from Berlin and other continental capitals. President Loubet has voiced the sympathy of the French Republic in a cablegram to President McKinley.
The Galveston Relief Committee of the Chamber of Commerce held a large-attendance meeting to-day. George Seelye, a banker of Galveston, addressed the committee on the condition of affairs in that city. An executive committee of the relief committee was appointed to take the brunt of the work in its hands. The committee is composed of Alexander E. Orr, Chairman; James Stillman, Treasurer; Abram S. Hewitt, Jacob H. Schiff and John Claflin.
Some of the subscriptions received to-day are as follows:
W. A. & A. M. White, \$200; Winter & Smith, \$100; Dumont Clark, \$100; Fifth Avenue Hotel, \$250; Hard & Rand, \$250; C. Adolph Low, \$100; Henry Goldman, \$100; Frederic Cromwell, \$100; O. G. Mayer & Co., \$100; H. F. Goyen, \$100; Title Guarantee & Trust Company, \$50; Lazard Freres, \$100; M. L. Sykes, \$100; Matland Coppel & Co., \$50; Aiken, Son & Co., \$250.
The banking house of Munroe & Co. received from its Paris branch to-day advice to draw on that bank for \$100,000 for the aid of the Galveston sufferers.
President Daniel A. Hoard, of the Home Insurance Company, to-day telegraphed to Gov. Sayers at Austin to draw on his company for \$100,000.
Gov. Sayers acknowledged the tender of \$750,000 in contributions from American cities. It is expected the amount will be doubled before the subscription lists are closed. Three hundred and six communities have already sent contributions of money, clothing, food and medical supplies to Texas.
New York has raised \$500,000. Cash subscriptions of \$25,000 have been reported by the Merchants' Association. The Chamber of Commerce started its list with \$7,335, raised in five minutes. The Stock Exchange began the good work with \$9,910; the Produce Exchange, \$10,225; the Cotton Exchange, \$10,720; the Tobacco trade, over \$1,000. Newspapers have raised about \$25,000, and Mayor Van Wyck's fund has swelled to \$1,000.
All of \$1,000,000 will be necessary to aid the homeless in the stricken district. The generosity of the response is a guarantee that the amount will be forthcoming.
The Citizens' Relief Committee of the Merchants' Association deposited this morning with the City Trust Company, \$11,335, being the amount received by the committee from noon yesterday up till last night. This, with the amount already received by the City Trust Company, makes the total of deposits of contributions received up to this morning, \$12,775.

WED AFTER CYCLONE.

Galveston Man Married His Dearest. Sweetheart After Terrible Storm.

GALVESTON, Sept. 14.—Last evening at the Tremont Hotel occurred a wedding that was not attended with music and flowers and a gathering of merry-making friends and relatives. It was peculiarly sad.
Mrs. Alice Roberts expected some day to marry Ernest Mayo. The storm which devastated so many homes deprived her of almost everything on earth—father, mother, sister and brother. She was left destitute.
Her sweetheart, too, was a sufferer. He lost much of his possessions in Dickinson, but he stepped bravely forward and took his sweetheart to his home.

ELKS SEND QUICK AID.

JAMESTOWN, N. Y., Sept. 14.—Judge Jerome B. Fisher, Grand Exalted Judge of the Grand Lodge of Elks, has sent a check for \$1,000 to the Galveston Lodge. He will appeal to other lodges for assistance.

LABOR WAR NOW ON.

(Continued from First Page.)

have felt the merciless foot of capital for two decades."
Mitchell is preparing to leave for Mexico, Pa., to-morrow night. He will take with him every office document that may be needed in an emergency, and with his secretary will establish headquarters in Hazleton.
Thomas D. Nichols, John Fahy and Thomas Duffey, Presidents of Anthracite Districts 1, 2 and 3, will also report direct to Mitchell. Several special organizers will probably be appointed to work under Mitchell's direction and other National Board members will not doubt be sent to the anthracite region.
Mitchell proposes to hold many mass meetings and his policy, he says, as well as that of all other leaders in the strike will be to persuade the workers to remain away from the mines.

RAILROAD MEN ACT.

Secret Session of Lehigh Valley Employees Discusses the Great Coal Mine Strike.

WILKESBARRE, Pa., Sept. 14.—The Grievance Committee of the Lehigh Valley Railroad employees continued its secret session in this city to-day. A call has been issued for a meeting to-night of all Brotherhood men residing in Wilkesbarre.
It is reported that the chief object of the meeting at this time was to map out a programme which the Brotherhood men should follow if an attempt is made to ship bituminous coal over the Lehigh Valley road during the strike of the anthracite mine workers.

NO COAL FAMINE.

Dealers Here Say That There is a Big Supply Above Ground and Yards are Full.

A canvass of the local coal trade to-day elicited the unofficial opinion in almost every instance that the threatened strike of the anthracite coal miners is sure to come, but that all talk of a "famine" is nonsense.
These opinions are based more particularly upon the determined attitude of the operators than upon anything that may have been said or done in the past twenty-four hours by the miners.
That the retail coal dealers will make the most of their opportunities is frankly admitted by the sales agents of the big companies. Some of them admit that the supply above ground at this time is rather small, because of the recent heavy shipments to the West.
This is acknowledged by the Lackawanna coal men, while the Pennsylvania Coal Company's representative to-day expressed the opinion that his company's supply at this time is quite as large as usual.
All the larger coal companies have had their mines in operation at full time ever since the first note of discord was sounded by the miners. As a result they now have above ground more than the normal amount of coal, and their yards and various places of deposit are said to be full to the limit.

THE ALAMO FLOATED.

The Mallory Steamship Company received word from Houston, Tex., to-day that the steamship Alamo, of their line, which was sunk in the Galveston hurricane, was floated to-day.

M'KIBBEN REPORTS.

Loss of Life at Galveston, the General Now Says, is Greater Than He First Wielded.

WASHINGTON, Sept. 14.—The War Department to-day received the following from Gen. McKibben at Galveston:
"General conditions are improving every hour. Repairs to waterworks will be to-morrow insure water supply for fire protection. Provisions of all kinds are being received in large quantities.
"Enough are now on route and at Houston to feed all destitute for thirty days. Large numbers of women and children have left for Houston and interior points. Dead bodies are being buried and general sanitary regulations are being enforced more rigidly. There is now no danger of suffering from lack of food or shelter. City under perfect control under charge of Committee of Safety. The Adjutant-General of the State is here and in charge of State troops.
"Loss of life is probably greater than my conservative estimate of yesterday. Property loss enormous. Not an individual in the city has escaped scot-free. In thousands of instances loss total.
"To-day, in company with Col. Roberts and Capt. Riche, made an inspection at Fort Texas, and by tag of the fortifications at Fort San Jacinto and Travis. With the exception of battery for rapid-fire guns, batteries may be considered as non-existent. Capt. Riche has forwarded by wire this evening full report of conditions to Chief of Engineers. I coincide in recommendation that all fortifications and ordnance property be transferred to Engineer Office here for salvage.
"Earnestly recommended that Battery Q, First Artillery, be ordered to Fort San Houston for reconnoitering and equipment; officers and men are entirely destitute. At present a large number of men, red and unfit for duty, are being furnished with ordinary camp equipment or clothing, as all transportation facilities are being utilized to bring in food supplies."

BIG 6 SENDS \$250.

Typographical Union Extends Help to Their Brothers in Stricken City of Galveston.

At a meeting of the Executive Committee of Typographical Union No. 6, 320 was dispatched in response to the appeal for help from Union No. 33 of Galveston. Further help was pledged by the immediate future.
Mr. Skinner, a former president of the Galveston Union, appeared before the committee and made a statement of the condition of affairs in Galveston.

HOW TO DELIVER SUPPLIES TO WORLD'S RELIEF TRAIN NO. 3.

The World's Relief Train No. 3 starts to-morrow night for Galveston over the Pennsylvania Railroad.
The cars are being loaded on a float alongside of Pier 23, North River, at the foot of DeBrosses street. Supplies for this train will be received at the pier up to 2 P. M. Saturday, but every effort should be made to get all contributions there, except perishable foods, as early to-day as possible.
Food and clothing supplies for this train should be addressed:
The World's Texas Relief Train, in care of M. Townsend, Agent of the Pennsylvania Railroad, Pier 20, North River.
Perishable foods such as meats, etc., should not be sent to the pier until 8 A. M. Saturday, as the refrigerator car will not be loaded until that time and there is no refrigerating plant on the pier.
Contributors who cannot get supplies to the pier by 2 P. M. Saturday, should send them to the World's Texas Relief Fund Bureau, World's uptown office, Thirty-sixth street and Broadway.
Delivery of supplies early to-day and to-morrow at the pier will accelerate the relief work.

MAYOR'S FUND \$7,573

Manhattan Theatre Management Will Give Matinee Receipts to Sufferers.

Mayor Van Wyck to-day accepted an offer of the managers of the Manhattan Theatre to donate the receipts of the performance of "Caleb Wall" at next Wednesday's matinee for the relief fund for the Galveston sufferers.
The Mayor's fund at present amounts to \$7,573.

PERU CONDOLES WITH US.

LIMA, Peru, Sept. 14.—The House of Representatives has sanctioned a motion to send a cablegram to the President of the United States expressing the condolence of the Government and people of Peru over the catastrophe at Galveston.

ROBBED WITH PISTOL

Louis Vance, twenty-one years old, of 302 East Fifth street, was held in \$1,000 on a charge of robbery in the Yorkville Court this morning.
J. A. Brady, thirty-nine years old, of 48 Grand avenue, Brooklyn, declared that he went with Vance on Wednesday night to 162 East Twenty-seventh street, where, after looking him in a room, Vance, at the point of a revolver, robbed him of a gold watch worth \$50 and \$5 in cash.
In pawn ticket for the watch was found in the prisoner's pocket. He declared that Brady gave him the time-piece.

BIG ELECTION BETS.

Louis W. Wormser, of the Block Exchange, to-day wagered with Bell & Co. \$10,000 to \$20,000 and \$10,000 to \$20,000 on the election of McKinley and Roosevelt.

DYNAMITE EXPLODED

Tenants in a Panic and Jersey City Storehouse and Dwellings Damaged.

The Jersey City police are trying to-day to learn how a package of dynamite in Joseph Donahue's storehouse at 371 Summit avenue, Jersey City Heights, exploded last night.
Occupants of tenements near by were in something of a panic, and for a time it was thought several persons had been hurt.
The explosion tore off the roof of the storehouse and the building caught fire. Two dwellings adjoining the place on either side were damaged, the total loss being \$3,000.
Nobody was in the storehouse at the time of the explosion.

RACING MAN A HERO.

Secretary of the Brighton Beach Association, Saves a Woman from Drowning.

A. H. Battersby, Secretary of the Brighton Beach Racing Association, is a hero in the eyes of his friends to-day for his rescue of Mrs. Emil Schultz from drowning yesterday.
Mrs. Schultz, of Sixteenth avenue and Sixtieth street, Mapleton, drove from her home to Coney Island in a brougham, she wore a mackintosh and a bathing suit. She got out at the Ocean Boulevard and plunged into the surf. A few moments later she screamed and sank.
Mr. Battersby was sitting on the verandah of the Brighton Inn when he heard the screams. He jumped into the water with his clothes on.
After a hard struggle he succeeded in getting Mrs. Schultz ashore. She was unconscious but was revived by an ambulance surgeon.
